

HOWES CAVERNS

We are fortunate enough to have this wonderful site just 90 minutes from camp. After a short ride you will travel 156 feet underground to discover a prehistoric world formed millions of years ago... Down in the elevator, 15 or 16 floors in 32 seconds to 52 degrees Fahrenheit and 70% humidity. You see the limestone formations and end your tour with a boat ride on the waters of the underground lake of Venus. Finally you will get to pan for gem stones and you never can tell just what you will find.

This chaperoned trip is open to all ages and includes transportation to and from Howes Caverns, entrance to the tour, the boat ride, lunch and panning for gems.

COST: \$55.00

DATE: August 15, 2008

HOWES CAVERNS

Please register my camper for Hilltop's trip to HOWES CAVERNS. I have included payment for this optional trip. Cancellations will be refunded in full if the reserved place is filled prior to the trip. Places fill on a first come first served basis. Cost of this trip is \$55.00.
